Other Business

Mr. Smith explained that the meeting was convened on short notice because the timeline for the Generic Environmental Impact Statement (GEIS) requires prompt action. The Department of

Environmental Conservation has determined that ACIDA is the most appropriate agency to lead the redevelopment . The resolution formally confirms the ACIDA's role after coordination with 12 involved local and state agencies, all of which agreed that the ACIDA was best suited to lead the review. Under the State Environmental Quality Review Act (SEQRA), a lead agency must oversee the environmental review whenever a government entity takes a discretionary action, such as advancing the redevelopment of the Al Tech site. As Lead Agency, the ACIDA will coordinate the environmental review process, evaluate potential environmental impacts, and provide the required public notices to participating agencies. The board was informed that, as the Lead Agency, its ultimate responsibility is to determine whether the project can move forward from an environmental standpoint by adopting a formal Findings Statement. This document will summarize all potential environmental impacts, identify mitigation measures, and conclude whether the project is suitable for development at the site. They will receive ongoing updates throughout the process, including information from public meetings and comments received. The Alliance, acting on behalf of the ACIDA, will coordinate public hearings, issue required notices, and maintain records of public comments. It was recommended that McFarland Johnson provide monthly progress updates at regular board meetings to keep members informed on the status of the environmental review.

Chairman Paparian presented Resolution 0726-01 for the approval/confirmation of the designation of the IDA as the Lead Agency. Chairman Paparian asked for a motion to accept Resolution 0726-01.

Dear Craig,

Thank you for taking the time to meet with us this week and for your thoughtful review of the Fiscal and Economic Impact Report. We appreciate the opportunity to respond to your questions and provide additional clarification.

PILOT Payment Allocation

Regarding the annual PILOT payment distribution shown in Table 5, the Albany County Industrial Development Agency (IDA) does not directly distribute PILOT payments to the individual taxing jurisdictions. Under the proposed PILOT Agreement, payments are made to the Town of Coeymans, which is responsible for distributing the funds among the County, Town, and School District in accordance with the applicable tax rates.

While the Alliance and the IDA are not able to provide a jurisdiction-specific breakdown, a review of the current tax apportionment indicates that approximately 60–65% of the annual PILOT payment would be allocated to the Ravena-Coeymans-Selkirk Central School District.

Property Tax Baseline Assumptions

You also asked about the baseline assumptions used in Table 5. Following the public hearing, the IDA Board carefully considered the comments received and subsequently revised the proposed PILOT Agreement to fully align with the IDA's adopted Uniform Tax Exemption Policy. As a result, the Fiscal and Economic Impact Report is currently being updated.

The revised analysis will include a modest 2% annual increase in projected property tax payments under the "without project" scenario rather than assuming the assessed value remains static. The updated report is expected to be available shortly, and we will provide copies to you and Jesse as soon as it is finalized.

District-Specific Revenue Comparison

Your request for a district-specific comparison of cumulative PILOT revenues versus full taxable value over the ten-year term has also been considered. Unfortunately, neither the Alliance nor the IDA prepares or maintains fiscal analyses at the individual taxing jurisdiction level. As noted above, PILOT payments are remitted to the Town of Coeymans for distribution to each taxing jurisdiction based on the applicable tax apportionment.

IDA Board Schedule and Public Comment Process

The Albany County IDA Board of Directors is scheduled to consider the proposed incentive package at its meeting on **August 5 at 4:00 p.m.**

To ensure Board members have adequate time to review any comments or recommendations, we respectfully request that written comments be submitted at least one week in advance of the meeting whenever possible.

Traffic, Operations, and Noise

As discussed during our meeting, traffic impacts are outside the scope of the Fiscal and Economic Impact Report.

Based on information provided by the Port of Coeymans and AProjects USA, the project is expected to generate approximately **three additional truck trips per day** to support operations.

Although the Port operates on a 24-hour, seven-day-a-week schedule, AProjects USA anticipates operating primarily during standard business hours, approximately **7:00 a.m. to 7:00 p.m.** Occasional movement of equipment outside these hours may occur but is expected to be the exception rather than the norm.

The Alliance and the IDA have not commissioned separate noise or nuisance studies for this project. The project site has previously undergone environmental review through the Town of Coeymans' land use approval process. The Town, acting as Lead Agency, completed the required State Environmental Quality Review Act (SEQRA) process in conjunction with the site's approval at the April 13, 2020, meeting of the Town of Coeymans Zoning Board of Appeals.

In response to concerns raised by residents of Coeymans and Ravena, County Executive Daniel P. McCoy directed the Alliance to commission an independent traffic study. Through the Alliance's partnership with Bohler Engineering, Creighton Manning Engineering has been retained to complete that analysis. We anticipate the traffic study will be completed and available this fall.

SEQRA Review

The SEQRA review was conducted separately from the Fiscal and Economic Impact Report as part of the Town of Coeymans' site approval process. The Town of Coeymans served as the Lead Agency and completed the environmental review, including its findings, during the April 13, 2020, Zoning Board of Appeals meeting. The Alliance and the IDA are relying upon that completed environmental review as part of the current incentive consideration.

We appreciate your thoughtful engagement throughout this process and your efforts to balance the interests of your students, taxpayers, and the broader economic development opportunities presented by this project. Please do not hesitate to contact us if you have additional questions or if we can provide any further information as the IDA Board considers this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin O'Connor", written over a horizontal line.
